

## A BIT MORE FORCE - Capo 2

F#m Em Am D F#m Em Am D

Bm A7 D  
It was a day that felt like scripture  
F#m Bm G Bm A7  
Or maybe a picture from 1910.

Bm A7 D  
Tell you mother I'm doing fine.  
F#m Bm G Bm A7  
Let her know I'm feeling well but have not changed my mind.  
D Bm F#m G  
And say for me that I resent you being used this way.  
D Bm A7 D  
When I'm gone that's where I plan to stay.

Bm A7 D  
There is something I need you to know.  
F#m Bm G Bm A7  
Yes I left but you played no part in whatever made me go.  
D Bm F#m G  
If I could be the man I am and still stay here with you,  
D Bm A7 D  
You know that is exactly what I'd do.

C G C  
Your mother tried to understand.  
F G C  
There was something in her way.  
F C G Am  
She could make me fell I was okay  
F G C  
Even when I was wrong

F                                 C G    Am  
 But if she had used a bit more force,  
 Fm Ddim                         C  
 I might have played along.

F    G    E    A    D

                  Bm A7                         D  
 You can tell her that I'm alright.  
 F#m                                 Bm                         G             Bm    A7  
 Explain that I've been sleeping well but still don't love the night.  
 D                         Bm                         F#m             G  
 Say that I spoke well of her and treated you kindly.  
 D             Bm         A7                         D  
 That's the least she would expect from me.

C                 G                 C  
 Your mother tried to understand.

F         G                 C  
 I'm not saying she was wrong.

F                                 C G    Am  
 But if she had used a bit more force,  
 Fm Ddim                         C  
 I might have played along.

F                                 C G    Am  
 But if she had used a bit more force,  
 Fm Ddim                         C  
 I just might have played along.
